**Report of Clinical, Consulting, and Coaching Activities:**

- 2001- Outpatient psychotherapy and psychopharmacology practice. My current patient roster includes well over 200 adults with a wide range of mood, anxiety, psychotic, substance abuse, eating, and personality disorders. Most of these disorders are in the moderate to severe range and are marked by significant psychiatric co-morbidity. I have a particular interest in combined psychotherapy and medication treatment for mood, anxiety disorders, and personality disorders (including major depression, bipolar disorder, generalized anxiety disorder, and borderline personality disorder).
- 2003-10 Associate medical director, The Pavilion unit at McLean Hospital. I directed a multidisciplinary team in evaluation and treatment of patients with a broad range of severe and complex psychiatric disorders. The treatment team included a case manager, psychotherapist, psychiatric nurses, and mental health specialists. My responsibilities as director of the treatment team included psychopharmacologic management, coordination of all aspects of the evaluation and therapy process, consultation with relevant clinical experts and the patient's outside treaters, leadership of a treatment conference at the end the patient's two-week stay at the Pavilion, and production of an in-depth report on the work-up and clinical course at the Pavilion. I was promoted from assistant medical director to associate medical director of the Pavilion in 2007.
- 2011 Associate medical director, Thoreau inpatient psychiatry unit, Walden Behavioral Care. I directed a multidisciplinary team in evaluation and treatment of patients with a broad range of severe and complex psychiatric disorders. The inpatient treatment team includes a case manager, a nurse practitioner, psychiatric nurses, and mental health specialists. My responsibilities as director of the treatment team include psychopharmacologic management, coordination of all aspects of the evaluation and therapy process, consultation with relevant clinical experts and the

- patient's outside treaters, disposition planning, and production of a detailed discharge summary.
- 2012 Medical Director of Psychiatric Services, Walden Behavioral Care. In addition to the job responsibilities listed above, I oversaw the entire medical staff of Walden Behavioral Care. This included managing the doctor-on-call system at the hospital and spearheading a project to develop a specialized mood disorders inpatient service. I reported directly the CEO of Walden regarding all medical staff matters and program development.
- 2011-2012- Attending psychiatrist, Walden Behavioral Care  
Philosophical counselor, fully certified by the American Philosophical Practitioners Association.
- 2012- Executive coach, certified by the Center for Executive Coaching. My company, Leading Minds Executive Coaching, LLC provides a wide range of client-centered services including executive leadership coaching, personal coaching, team coaching, management consulting, and crisis management. I have worked with clients throughout the United States and internationally. I am a Master Certified Coach Trainer within the Center for Executive Coaching, where I direct a training program that certifies mental health professionals as coach (this Approved Coach Training Program of the International Coach Federation). My executive coaching practice specializes in work with leaders in biotechnology/neuroscience and behavioral healthcare organizations.
- 2013-15 Associate Consultant, Camden Consulting Group (Boston, MA): I provided executive coaching services for clients across multiple industries including healthcare, biotech, Pharma, software, financial services, insurance, digital marketing, and other sectors
- 2016- Partner, Camden Consulting Group (Boston, MA): I continue to provide executive coaching services for clients across multiple industries including healthcare, biotech, Pharma, software, financial services, insurance, and other sectors
- 2014- Associate Consultant, The Leadership Development Group (New York, NY)
- 2016- Associate Executive Coach, Linkage, Inc. (Burlington, MA)
- 2015- Psychiatry Consultant and Supervisor, Walden Behavioral Care. I provide psychopharmacologic consultation to psychiatric nurse practitioners on the inpatient units. I also provide supervision to psychiatric nurse practitioners and psychiatrists on the inpatient units and in the residential treatment program.
- 2015- Co-Founder, Strategy of Mind, LLC. I co-founded this company which has provided leadership training and coaching for companies from multiple sectors in the United States.
